

TSI Instructions for TSTC

1. Go to www.tstc.edu. Click on **Admissions** and then click on **Testing** in the gray box. Scroll all the way down and find the **Brownwood** location. Click **Schedule your Exams online** under the Brownwood location! Next, you will need to choose a group. You should choose **TSI Assessment**. Then, you will choose an exam. If it's your first time testing you need to take all three exams so you should choose **TSI – Three Subjects**. Next, choose a date, then choose a time. You will then fill in the requested information. When it asks for the Student ID number, enter your 8 digit birthday with no slashes or spaces (mmddyear...example: 02172003). Then, you will add it to your cart. TSTC uses Register Blast to schedule the exams and there is an annual fee of \$5. So the total cost for taking the TSI the first time will be \$41 (this is for all three subject). If you test again within the same year and you use the same email, you will not be charged \$5 again.
2. Be sure you read step 6 carefully and that you complete the Pre-Assessment Activity!
3. Take a valid form of Photo ID on the day you test!
4. Bring your TSI results to the EHS office. A copy will be made for your file. If you test on a school day, your results page can also be used for attendance purposes. The absence is coded as co-curricular which does not count against you!
